Four bracket lengths can be used, either individually or in combination, to cover all slide lengths. See charts to determine number of bracket kits required.

On peut utiliser des équerres en quatre longueurs différentes, soit individuellement soit en combinaison pour convenir à toutes les longueurs de glissière. Pour déterminer le nombre de kits d'équerres requis, voir le tableau.

Vier Winkellängen können benutzt werden, entweder individuell oder kombiniert, um sämtliche Schienenlängen abzudecken. Zur Ermittlung der Anzahl benötigter Winkelbausätze siehe nachstehende Tabelle.
